Dear Future Attorney:

I would like to introduce you to *The Bar Examination Academy* and *Lawyer Makers, LLC*. We teach bar exam applicants how to specifically study and write to pass their bar examinations. We, first and foremost, teach our students the following:

- How to write clear, concise, and lawyer-like answers on the essay and performance components of the bar examination;
- We show students how on performance memorandums (objective & persuasive), demand letters, opinion letters, etc., how the answer is, more likely than not, ***already written for you***;
- How to adequately study and prepare for the two-hundred (200) question multiple-choice component of the bar examination; and,
- How scriptures in the Gospel of Luke can assist the student in achieving success on the multiple-choice (Luke 9:62) and essay/performance (Luke 23: 39 - 43) components of the bar examination.

The difference in passing a bar exam can be less than one (1) point on the essay or performance components of the bar exam. In the 2024 bar exam cycle, we had repeat takers elevate their bar exam scores to qualify for admission (270 and above) into all Uniform Bar Examination (“UBE”) jurisdictions. We have had students first-time, and repeat-takers achieve extraordinary passing scores on the UBE, *i.e.*, 315, 303, 299, 298, 289, 280, 277, 276, 273, 272, 270, 266. We have had students who elevated their bar exam scores by as much as thirty-five (35) points from one bar exam to the next and pass the UBE.

Please note, ***we specialize in those individuals who have encountered previous difficulty in passing their bar examinations.*** ***LET US SHOW YOU HOW TO GET THE NECESSARY POINTS TO PASS!!! THE UBE WILL BE SOON CHANGING! YOU NEED TO PASS THE UBE NOW!*** For more information, please e-mail us at: lawyermaker@icloud.com.
